

About the Bay Area Performance Improvement Network

BAPIN

BAY AREA PERFORMANCE IMPROVEMENT NETWORK

February 2015

*Bridging leaders of healthcare
improvement in the Bay Area*

Mission

BAPIN

We are a community of professionals that support the continuous improvement of healthcare in the Bay Area

As more local healthcare organizations embrace Performance Improvement as a key strategy, the number of healthcare performance improvement professionals in the San Francisco Bay Area is on the rise. This network provides an opportunity to meet, interact with, and learn from other PI professionals and leaders from healthcare organizations throughout the Bay Area. We are a community which supports the continuous improvement of Bay Area healthcare.

Founding Vision

BAPIN

- Meeting each other
- Networking
- Sharing challenges
- Developing thought partners
- Sharing education
- Career development
- Job connections
